

Introducing the Youth Health Action Committee

What?

A committee of engaged young people ages 15-18 working closely with the Worcester Division of Public Health to take action on pressing health issues in the Central Massachusetts area.

How?

During monthly meetings we will engage in dialogue, skill-building, and action-oriented projects. Our first initiative will be a collaborative effort with the Regional Response to Addiction Partnership.

Why should I apply?

- > Gain leadership experience
- > Learn about health equity and health disparities
- > Be a force of positive change in your community
